

Spirit!

Conjuring up the ingredients to make it sparkle is an every-day pursuit at The Keg. And when it happens, it's pure magic! We recognize spirit because it lifts us and there's no better feeling.

Because we believe it's important — no matter how it shines — we also recognize it in the greater community where individuals, or groups of individuals, regardless of their field of endeavor, have made things happen. And by doing so, have inspired others. You have done exactly that!

KEG SPIRIT

You turned it on!
